CRITICAL ISSUES (critical, high severity):	0
HIGH ISSUES (high, medium severity):	1
ERRORS, WARNINGS (medium, low severity):	0
OPTIMIZATION (low severity):	0
RECOMMENDATIONS (very low severity):	0

High ISSUE

The system used is called ROI and must be considered as HIGH-RISK.

Users principal deposits cannot be withdrawn, users can get dividends and referral commission. Dividends are paid from deposits of other users. Do always invest with proper knowledge and investigation.

Conclusion:

The **FIREBUSD** Smart-Contract were found no vulnerabilities, no backdoors, and no scam scripts.

The code was tested with compatible compilers and simulated manually reviewed for all commonly known and specific vulnerabilities.

So **FIREBUSD** Smart-Contract is safe for use in the Binance Smart Chain main network.

Independent description of the smart-contract functionality

The **FireBusd** smart contract provides a standard BEP20 token and users can stake token and BUSD.

- ❖ All libraries which were used for calculation and the token in the contract are standard and safe

Token Info (all information based on audit date: Wed Feb 09, 2022, 14:28:04 GMT+0000)

- Total Supply: 142,475.014663 FIREBUSD
- Limited Supply: 1,000,000 FIREBUSD
- Holders: 979 addresses
- Total Transactions: 16,681
- Name: FireBusd
- Symbol: FIREBUSD
- Decimals: 18

Contract Owners Fee

- On Stake BUSD 12% of BUDS
- Owner tokens are 60,000 FIREBUSD (6% of total tokens)
 - The owner will receive 10,000 FIREBUSD tokens at the initial of the contract
 - The owner will be able to claim 50,000 FIREBUSD tokens after the launch of the project.
 - Each 5 days owner can claim 10,000 tokens

Staking System

users can stake BUSD and FIREBUSD tokens and earn daily profit

- BUSD daily profit is 2%.
 - Users will receive equal to 2% of their BUSD staked amount in FIREBUSD token without any relation to token price. For example, if the user stake 100 BUSD, he will earn 2 FIREBUSD tokens daily.
 - Users can not unstake (withdraw) their staked BUSD
- FIREBUSD daily profit is 4%.
 - Users can not unstake their tokens for 7 days

Sell Token

Users can sell tokens directly to the contract

- Participants/Users cannot sell more than 40,000 tokens collectively per day
 - A total accumulation of 40,000 tokens by all investors can only be sold in a single day
- Token price: $\text{total available tokens} / \text{total BUSD in contract balance}$
 - Available tokens = limited supply – total supply
 - Mint increases the total supply
 - Sell decreases total supply (burn)

Airdrop

100,000 FIREBUSD tokens will be airdropped between users with specific rules:

- The total airdrop amount is 100,000 tokens
- Each time users can get 100 tokens
- Users should stake at least 100 BUSD for each time airdrop request

- For example, for the first airdrop user should have at least 100 BUSD in his total BUSD staked, for the second airdrop 200 BUSDS etc.
- Users can claim airdrop each 7 days
- Users should have 5 new direct referrals for each airdrop

Referral System (Match Bonus)

The contract pays a 4% referral commission over 3 levels only on staking of BUSD

- Level 1: 2%
- Level 2: 1%
- Level 3: 1%

Notes:

- Referral should be an active user; it means the referral address has at least one deposit
- The referrer is specified once at the time of the first deposit and is assigned to the user without the possibility of changing. From each subsequent Deposit, the referrer will get his percentage.
- If a user has not had a valid upline, a total referral commission will be sent to the owner

Disclaimer:

This audit is only to the Smart-Contract code at the specified address.

Haze Security is a 3rd party auditing company who works on audits based on client requests. And as a professional auditing firm, we check on the contract for any vulnerabilities, backdoors, and/or scam scripts.

Therefore:

We are not financial advisors nor do we partner with the contract owners

Operations and website administration is fully on the client's side

We do not have influence over client operations, which can lead to website changes, withdrawal function closes, etc. One always has the option to do this through the contract.

Any concerns about the project themselves need to be raised directly to the project owners and not through Haze Security.

Investors are not in any way obliged, coerced or influenced to invest in projects audited by Haze Security.

We are not responsible for your funds or guarantee you profits.

We highly recommend that investors do their own research and gain crypto experience before investing

To report any scam, malpractices and irregularities, please send a message via Telegram to @Haze013 or @Sara_Solidity for blacklisting.
